

PRODUCT RANGE to support your cat's THYROID HEALTH

Clinically proven
nutrition to improve
quality of life

Hill's™ Prescription Diet™ y/d™

Easy. Effective. Safe.

A scientific breakthrough – the first and only clinically proven nutrition to help support your cat's thyroid health.

- Carefully restricts the levels of dietary iodine to help support thyroid function
- Complete daily nutrition with a taste your cat will love.

Additional benefits for overall health

- Supports kidney health with controlled phosphorus and low sodium
- Supports bladder health with controlled mineral levels
- Supports healthy heart function with high levels of L-carnitine
- Promotes healthy skin and a luxurious coat with high levels of Omega-3 and -6 fatty acids

How to introduce the new food

Gradually introduce the new food over a 7-day period

This is a general guideline only. Your vet will recommend a transition plan specific to your pet's needs.
