

Prescription Diet™ i/d™ Canine

For the nutritional management of gastrointestinal disorders and for restorative care.

i/d

Digestive Care

Restorative Care

Recommended for:

- **Most gastrointestinal disorders:**
 - Acute gastrointestinal disorders
 - Gastrointestinal disorders in puppies
 - Gastric ulceration
 - Oesophageal disorders
 - Gastric motility disorders, incl. gastric dilatation-volvulus
- Restorative/Urgent care
- Overweight dogs with acute GI issues

Not recommended for:

Additional information

- Clinically proven highly digestible nutrition to help resolve diarrhoea in as little as 3 days.
- Provides complete balanced nutrition for adult dogs and for growing puppies and is suitable for long term feeding.
- In dogs prone to bloat (gastric dilatation-volvulus), exercise and excitement near meal times should be avoided; ideally rest for at least 1 hour before and after feeding.

Kibble is shown at actual size. Colours may vary from photograph.

Other products to consider

- Dogs with gastrointestinal disorders requiring a low fat food:
Prescription Diet™ i/d™ Low Fat Canine.
- Gastrointestinal disorders with suspected food sensitivities:
Prescription Diet™ i/d™ Sensitive Canine.
- Stress related gastrointestinal disorders:
Prescription Diet™ i/d™ Stress Canine.
- Fibre-responsive gastrointestinal disorders:
Prescription Diet™ w/d™ Canine.
- Adverse food reactions:
Prescription Diet™ z/d™ Canine
or **d/d™ Canine.**

FOOD	FLAVOUR	SIZES AVAILABLE
	with Chicken	2 kg 5 kg 12 kg
	with Turkey	360 g x 12

KEY FEATURES ³		KEY BENEFITS
Digestibility (incl. protein, fat and carbohydrate)	High	Improves absorption of nutrients whilst supporting gastrointestinal health.
Prebiotic fibre (from beet pulp)	Added	Promotes healthy and balanced intestinal microbiome, fuels intestinal cells and ultimately supports a healthy intestinal barrier.
Psyllium	Added	Helps regulate intestinal transit, motility and regularity.
Soluble & insoluble fibre blend	Added	Supports digestive balance and digestive health.
Electrolytes & B-complex vitamins	High	Help reduce losses due to vomiting and diarrhoea.
Fat	Moderate	Ensures adequate energy intake.
Clinically proven antioxidants	Added	Help support a healthy immune system.
Omega-3 and omega-6 fatty acids	Added	Help support healthy skin and luxurious coat.
