

GI DISORDERS

Let's take **GI relief** a step forward

Clinically proven, highly digestible nutrition to help **RESOLVE DIARRHOEA** in as little as 3 days

NEW! PREBIOTIC FIBRE, shown to significantly increase beneficial gut bacteria, promoting a healthy GI microbiome balance

NEW! PSYLLIUM to promote healthy intestinal motility and regularity

NEW & IMPROVED **i/d™** PRESCRIPTION DIET™

We took what works and made it work harder.

The clinically proven nutrition of i/d™ now features additional ingredients for enhanced digestion, plus a rich aroma and new disk kibble shape dogs can't resist.

A nutritionally complete food, also suitable for puppies.
